

Turn your savings into growings.

Every day our alchemists at Elevation Capital practice the highly specialised art of growing small amounts of money into larger amounts. While it's not magic, our results have certainly put a smile on the face of many investors. We do this day in, day out, through our proprietary investment tool; the Global Shares Fund.

Elevation Capital is a local firm respected and awarded for our commitment to independent thinking and disciplined investing. We invest our clients' money, in world-famous companies like Disney, Spotify, Estée Lauder, Fever-Tree, Swatch, Heineken, Salvatore Ferragamo, Squarespace and many others.

You don't need huge lump sums, only

\$100 initial investment and as little as \$25 a month gets you started on your path to turning your savings into growings.

With a long track record, the Elevation Capital Global Shares Fund has delivered net returns of +11.66% per annum over the last 5 years*.
